

Photography Printing

Printing at Costco

Dry Creek Photo has all the colour profiles.

This is the lab we use,

Costco #151: #1 York Tech Dr., Markham ON, L6G 1A6 Phone: 905-477-0969

Store info: Noritsu 3411, Fuji Crystal Archive Paper.

[Glossy paper profile, May 10, 2012](#)

[Matte paper profile, May 10, 2012](#)

Note: This printer uses our [enhanced accuracy custom profiles](#).

Note: This lab uses multiple printers. **Request** your profiled RA-4 prints be run on the **Noritsu 3411**.

Mac OS X (all versions) various installation methods are available. I opted to make it specific the user by storing the profile in /Users/<username>/Library/ColorSync/Profiles — any profiles stored here are available only to the current user.

FAQs from the [Costco Help Center](#)

What are the recommended resolutions for my photos?

8 x 12	1380x920 pixels
11 x 14 Enlargements	1610x1265 pixels
12 x 12 Enlargements	1380x1380 pixels
12 x 18 Enlargements	2070x1380 pixels
16 x 20 Posters	2300x1840 pixels
20 x 30 Posters	3450x2300 pixels
Wallet Prints	374x259 pixels
Photo Gifts	900x600 pixels

What file types work best with the Online Photo Center?

We have found that the .jpg file type works best, but you can upload .bmp and .tiff files as well.
