Tin: This looks to be quite good tool \$700 license and it generates activity diagrams too - <http://www.casecomplete.com/Video/Default.aspx?a=1>

Tin: If going with Word here's a template - http://www.technosolutions.com/use_case_template.html

Tin: Fairly good and simple use case example - http://epf.eclipse.org/wikis/abrd/core.tech.common.extend_supp/guidances/examples/use_case_spec_CD5DD9B1.html
